360 Videos

**360 Housekeeping Training - SS360_01E**
Price: $245.00
This is 360 video training! If you are wearing V.R. Goggles, look around! If you are using a computer or laptop, simply click and hold on the video, then drag the screen to where you want to look. Using a cell phone or tablet? Even better! Once full screen you can simply move your phone or tablet to look around. You can also tap, hold and drag the screen to look around as well. Enjoy this immersive experience.

**360 Restaurant Kitchen Training - SS360_02E**
Price: $245.00
This training will help you identify common hazards found in the kitchen.
Agricultural Training

Agriculture: Heat Stress SS16040E (8 Min.)
Price: $245.00
The risk of becoming ill or even dying of over-exposure from the effects of heat is serious at all times, and even more so in the summer months. Too many workers are hospitalized and even die from heat-related illnesses. Program discusses techniques for controlling and preventing heat stress, and the first aid procedures necessary to treat the symptoms of heat exposure.

Agriculture: Heat Stress SS16040E (8 Min.) Spanish
Price: $245.00
The risk of becoming ill or even dying of over-exposure from the effects of heat is serious at all times, and even more so in the summer months. Too many workers are hospitalized and even die from heat-related illnesses. Program discusses techniques for controlling and preventing heat stress, and the first aid procedures necessary to treat the symptoms of heat exposure.

Fall Protection: Fixed Ladders, Catwalks & Stairs – SS16025AE (8 min.)
Price: $245.00
This program examines potential fall hazards when working at a grain elevator. The primary concerns are fixed ladders, stairs and catwalks. The program outlines the potential hazards associated with these 3 types of access/egress and shows ways these hazards can be reduced or eliminated. Proper inspection procedures along with safe rules of use are presented in a concise, to the point manner.

Fall Protection: Fixed Ladders, Catwalks & Stairs – SS16025AS (8 min.) Spanish
Price: $245.00
This program examines potential fall hazards when working at a grain elevator. The primary concerns are fixed ladders, stairs and catwalks. The program outlines the potential hazards associated with these 3 types of access/egress and shows ways these hazards can be reduced or eliminated. Proper inspection procedures along with safe rules of use are presented in a concise, to the point manner.

Grain Elevator Safety – SS16026AE (10 min.)
Price: $245.00
There are a multitude of potential hazards when working in or near a grain elevator. This programs takes a detailed look at: Personal Protective Equipment (PPE) Confined Space Entry Grain Bins Grain Dust Explosions The information isn’t complicated, but it’s necessary to prevent serious and costly incidents at your facility.
Grain Elevator Safety - SS16026AS (10 min.) Spanish
Price: $245.00
There are a multitude of potential hazards when working in or near a grain elevator. This program takes a detailed look at: Personal Protective Equipment (PPE) Confined Space Entry Grain Bins Grain Dust Explosions The information isn’t complicated, but it’s necessary to prevent serious and costly incidents at your facility.

Heat Stress: Facts & Prevention - SSG001E (9 Min.)
Price: $245.00
Heat Illness...it can happen to just about anybody working in hot or humid conditions. It can be serious. It can be fatal. But, it doesn't have to be. A few simple, easy to do steps can mean the difference between just another day at work and a serious medical emergency. This video outlines these steps in an easy to understand manner.

Heat Stress: Facts & Prevention - SSG001S (11 min.) SPANISH
Price: $245.00
More illnesses are surfacing from employees working in abnormally high temperatures, such as in a hot warehouse or warm assembly environment. This video discusses heat stroke, heat stress, fainting, and precautions to take when working in a hot environment.

Packing House Safety - SS16032AE (18 mins.)
Price: $245.00
Employees working in a packing house have a wide variety of jobs that need to be done during the season, and many safety hazards to learn about. There are basic rules and procedures that all packing house personnel must learn. This program covers warning signs and tags, lockout/tagout and machine guarding, safe lifting, workspace ergonomics, housekeeping, forklift safety and traffic control, electrical safety, chemical safety, emergency response and more....

Packing House Safety - SS16032AS (18 mins.) Spanish
Price: $245.00
Employees working in a packing house have a wide variety of jobs that need to be done during the season, and many safety hazards to learn about. There are basic rules and procedures that all packing house personnel must learn. This program covers warning signs and tags, lockout/tagout and machine guarding, safe lifting, workspace ergonomics, housekeeping, forklift safety and traffic control, electrical safety, chemical safety, emergency response and more...

Pesticide Container Labels - SS16033AE (6 Min.)
Price: $245.00
In the Agricultural industry, working with and around Pesticides is a fact of life for the
employees. Safety with Pesticides is a serious concern, because while they provide real benefits to our farmers, they can be very dangerous if mishandled or misused. This video will help you recognize hazards associated with pesticides.

**Pesticide Safety: The Basics - SS16031AE (5 mins)**
Price: $245.00
Employee Training is extremely important when it comes to using pesticides. Workers are protected under the Worker Protection Standard and the Hazard Communication Standard regarding hazardous substances in the workplace. Any agricultural worker must be trained in Basic Pesticide Safety rules before entering a pesticide treated area.

**Pesticides Safety Training - SS16030AE (6 mins)**
Price: $245.00
Pesticides: Safety Training - Both the Worker Protection Standard and the Hazard Communication Standard mandate training for all Agricultural employees that come in contact with Pesticides. This training is required for Handlers, Early Entry Workers, and all other agriculture workers before they acquire five separate days of entry into pesticide treated areas after the REI expires.

**Respiratory Protection: The Facts - SS1030BE (17 mins)**
Price: $245.00
Sometimes it is difficult to respect a hazard you can’t see or one that may take years to affect you. Respirators can provide protection, but only if they are worn and used properly. Respiratory Protection creates an awareness and respect for the hazards by demonstrating with highly effective graphics how the respiratory system works and the effects of different airborne hazards. The program covers proper use, care and maintenance of air-purifying respirators and the importance of proper selection and fit. Respiratory Protection will educate and motivate your worker on when and how to properly use their air-purifying respirator.

**Respiratory Protection: The Facts - SS1030BS (18 mins) Spanish**
Price: $245.00
Sometimes it is difficult to respect a hazard you can’t see or one that may take years to affect you. Respirators can provide protection, but only if they are worn and used properly. Respiratory Protection creates an awareness and respect for the hazards by demonstrating with highly effective graphics how the respiratory system works and the effects of different airborne hazards. The program covers proper use, care and maintenance of air-purifying respirators and the importance of proper selection and fit. Respiratory Protection will educate and motivate your worker on when and how to properly use their air-purifying respirator.

**Tractor Hand Signals - SS16029AE (4 mins)**
Price: $245.00
Hand signals to effectively communicate with tractor operators.
Tractor Safety SS16028AE (13 Min)
Price: $245.00
This video outlines all the basic skills to safely operate a tractor.

Tractor Safety SS16028AS (13 Min) Spanish
Price: $245.00
This video outlines all the basic skills to safely operate a tractor.

Working Safely Around Rail Cars - SS16027AE (9 min.)
Price: $245.00
A train is a powerful machine that needs to be respected. Working around trains requires constant vigilance and attention to safety. This program is a great way to raise awareness and explain potential rail yard hazards to employees working in this environment, whether working atop trains, near tracks or any where near a train in your facility. One small mistake near a train can have grave consequences. This program is a great tool to help minimize this risk.

Working Safely Around Rail Cars - SS16027AS (9 min.) Spanish
Price: $245.00
A train is a powerful machine that needs to be respected. Working around trains requires constant vigilance and attention to safety. This program is a great way to raise awareness and explain potential rail yard hazards to employees working in this environment, whether working atop trains, near tracks or any where near a train in your facility. One small mistake near a train can have grave consequences. This program is a great tool to help minimize this risk.
**Aviation Safety Series**

**Aviation Dangerous Goods - SS4002AS Spanish**

Price: $245.00

Flight attendants have a lot of responsibilities. But, the primary objective of the Flight Attendant job is safety. Safety requires knowledge that comes from both training and experience. In this program we examine a typical business aviation Flight Attendant trip with emphasis on safety awareness.

**Aviation Dangerous Goods - SS4002AE (17 min.)**

Price: $245.00

Dangerous goods, restricted articles, hazardous materials, dangerous cargo...they are all different names for the same thing...items that may endanger the safety of an aircraft or persons on board the aircraft. Common items such as batteries, dry ice and others are discussed as well as what can and cannot be taken aboard the aircraft, what can only be taken on as a carry-on item and what can only stowed as baggage.

**Aviation Flight Attendant Safety - SS4001AS Spanish**

Price: $245.00

Flight attendants have a lot of responsibilities. But, the primary objective of the Flight Attendant job is safety. Safety requires knowledge that comes from both training and experience. In this program we examine a typical business aviation Flight Attendant trip with emphasis on safety awareness.

**Aviation Flight Attendant Safety - SS4001AE (17 min.)**

Price: $245.00

Flight attendants have a lot of responsibilities. But, the primary objective of the Flight Attendant job is safety. Safety requires knowledge that comes from both training and experience. In this program we examine a typical business aviation Flight Attendant trip with emphasis on safety awareness.

**Aviation Ladder Safety - SS4003AS Spanish**

Price: $245.00

This video examines the potential hazards and unsafe behaviors and provides procedures to minimize risk when using any of the 5 ladder types common in aviation facilities: Step ladders Two-sided ladders Extension ladders Mobile Elevated stairs And fixed equipment ladders

**Aviation Ladder Safety - SS4003AE (16 min.)**

Price: $245.00
This video examines the potential hazards and unsafe behaviors and provides procedures to minimize risk when using any of the 5 ladder types common in aviation facilities: Step ladders Two-sided ladders Extension ladders Mobile Elevated stairs And fixed equipment ladders

**Aviation Lockout/Tagout - SS4000AE**
Price: $245.00
Lockout/Tagout procedures may be necessary for many pieces of equipment in your facility during maintenance or repair. This program is a great tool for training “affected” and “authorized” employees in lockout/tagout procedures. This includes workers in maintenance areas. A lack of knowledge pertaining to proper lockout/tagout procedures can have tragic results.

**Aviation Lockout/Tagout - SS4000AS Spanish**
Price: $245.00
Lockout/Tagout procedures may be necessary for many pieces of equipment in your facility during maintenance or repair. This program is a great tool for training “affected” and “authorized” employees in lockout/tagout procedures. This includes workers in maintenance areas. A lack of knowledge pertaining to proper lockout/tagout procedures can have tragic results.
Back Injury Prevention

**Back Injury Prevention (Hospitality) - SS5006AE (11 min.)**
Price: $245.00
This program stresses preparation, technique and fitness as the keys to back injury prevention. The importance of stretching and warming up is stressed as a way to be proactive about back safety. Safe lifting techniques are vital in a supermarket/grocery environment due to the wide range of lifting challenges. A variety of situations are presented along with ways to prevent strain, stress or injury.

**Back Injury Prevention (Hospitality) - SS5006AS (11 min.) Spanish**
Price: $245.00
This program stresses preparation, technique and fitness as the keys to back injury prevention. The importance of stretching and warming up is stressed as a way to be proactive about back safety. Safe lifting techniques are vital in a supermarket/grocery environment due to the wide range of lifting challenges. A variety of situations are presented along with ways to prevent strain, stress or injury.

**Back Injury: Exercise And Ergonomics - SS1016DS (15 min.) SPANISH**
Price: $245.00
They say you never notice the parts of your body until they hurt. This video stresses the importance of back safety and discusses not only the risk involved in everyday body movement, but also the ways to prevent those risks from turning into debilitating injuries. The presentation stresses a proactive approach including proper health through exercise and ergonomics. Information is offered on how to properly move through each day without adding undue strain and stress on the body. Viewers will be shown a range of basic stretches as well as other methods and tips for safe and healthy movement.

**Back Injury: Exercise And Ergonomics – SS1016DE (16 mins)**
Price: $245.00
They say you never notice the parts of your body until they hurt. This video stresses the importance of back safety and discusses not only the risk involved in everyday body movement, but also the ways to prevent those risks from turning into debilitating injuries. The presentation stresses a proactive approach including proper health through exercise and ergonomics. Information is offered on how to properly move through each day without adding undue strain and stress on the body. Viewers will be shown a range of basic stretches as well as other methods and tips for safe and healthy movement.

**Back Safety: Proper Lifting Procedures - SS1015DE (16 min.)**
Price: $245.00
Back injuries frequently occur in the workplace during lifting. The tips and techniques provided in this video will offer alternatives to lifting or carrying and will show the benefits of using helpful tools like dollies and carts to prevent back injuries. Viewers will learn the necessary step-by-step safety procedures to prepare the body for safe lifting as well as instruction on how to properly lift under any circumstances.

**Back Safety: Proper Lifting Procedures - SS1015DS (16 min.) SPANISH**
Price: $245.00

Back injuries frequently occur in the workplace during lifting. The tips and techniques provided in this video will offer alternatives to lifting or carrying and will show the benefits of using helpful tools like dollies and carts to prevent back injuries. Viewers will learn the necessary step-by-step safety procedures to prepare the body for safe lifting as well as instruction on how to properly lift under any circumstances.

**Back Safety: The Basics - SS1014DE (11 min.)**
Price: $245.00

Back injuries caused by improper lifting are the most common disabling injuries in the workplace. A person can injure their back in virtually any type of occupation, often to the point they can no longer work in their chosen field, along with having a devastating impact on their overall quality of life. Many of the causes of back injury can be prevented by teaching employees how the back operates and the basics of proper lifting techniques. This video does just that. Great for new or experienced employees.

**Back Safety: The Basics - SS1014DS (11 min.) Spanish**
Price: $245.00

Back injuries caused by improper lifting are the most common disabling injuries in the workplace. A person can injure their back in virtually any type of occupation, often to the point they can no longer work in their chosen field, along with having a devastating impact on their overall quality of life. Many of the causes of back injury can be prevented by teaching employees how the back operates and the basics of proper lifting techniques. This video does just that. Chemical Safety

**Asbestos Awareness in the Workplace - SSM19022E**
Price: $245.00
"Asbestos Awareness" provides employees with this important information, and also helps employers comply with the training requirements of the OSHA Asbestos Standard. Topics covered in these products include: Asbestos: "miracle" and menace. The health effects of asbestos. Thermal system insulation. Surfacing materials, floor and ceiling tiles. Protective equipment and safe work practices. Decontamination and medical surveillance. and more.

**Asbestos Awareness in the Workplace - SSM19022S (9 min.) Spanish**
Price: $245.00
"Asbestos Awareness" provides employees with this important information, and also helps employers comply with the training requirements of the OSHA Asbestos Standard. Topics covered in these products include: Asbestos: "miracle" and menace. The health effects of asbestos. Thermal system insulation. Surfacing materials, floor and ceiling tiles. Protective equipment and safe work practices. Decontamination and medical surveillance. and more.

**Crystalline Silica Safety - SS1090IS (10 Min.) Spanish**
Price: $245.00
Crystalline Silica can be found throughout many industries. Respirable crystalline silica are the small particles created when cutting, sawing, grinding, drilling, and crushing stone, rock, concrete, brick, block, and mortar. This program covers basic safe work practices that employees should know and follow to help prevent harmful exposure to crystalline silica.

**Crystalline Silica Safety - SS1091IE (10 Min.)**
Price: $245.00
Crystalline Silica can be found throughout many industries. Respirable crystalline silica are the small particles created when cutting, sawing, grinding, drilling, and crushing stone, rock, concrete, brick, block, and mortar. This program covers basic safe work practices that employees should know and follow to help prevent harmful exposure to crystalline silica.

**GHS: The Basics - SS1050FE (5 Min)**
Price: $245.00
GHS or Globally Harmonized System is a method of identifying chemicals and their associated hazards. This video provides viewers with the basics of this program and describes the resources they can use to properly identify the hazards they may face, protective measures to minimize these hazards and other pertinent information.
GHS: The Basics - SS1050FS (5 mins) Spanish
Price: $245.00
GHS or Globally Harmonized System is a method of identifying chemicals and their associated hazards. This video provides viewers with the basics of this program and describes the resources they can use to properly identify the hazards they may face, protective measures to minimize these hazards and other pertinent information.

H2S Hydrogen Sulfide Training - SS1043FS Spanish
Price: $245.00
Hydrogen sulfide is one of the most deadly industrial gases. It has been referred to as a silent killer. This comprehensive video covers a wide range of topics including characteristics of H2S, monitoring areas for H2S levels, emergency procedures, hazard minimization, contingency planning, SO2 and more. Complete and up-to-date. A great tool for required annual training.

H2S-Hydrogen Sulfide Training – SS1043FE
Price: $245.00
Hydrogen sulfide is one of the most deadly industrial gases. It has been referred to as a silent killer. This comprehensive video covers a wide range of topics including characteristics of H2S, monitoring areas for H2S levels, emergency procedures, hazard minimization, contingency planning, SO2 and more. Complete and up-to-date. A great tool for required annual training.

Hazard Communication – SS1035AS (18 min.) SPANISH
Price: $245.00
In today’s litigious society, we begin to take cautions, warnings and disclaimers from manufacturers’ with a touch of skepticism or disregard. When it comes to hazardous chemicals in the work place, words, colors and symbols mean something. Not only is it your workers’ right, it is their responsibility to know what they mean. This program will teach your employees to recognize and understand the different means of communication used to identify hazardous chemicals including the United Nation’s new Globally Harmonized System. The training program will educate your workers on the physical characteristics and chemical properties communicated in the material safety data sheets and on the container labels enabling them to make proper decisions concerning the safe use handling and storage of the substances. The program covers the purpose and role of hazard communication, the different classification of chemicals and their hazards, the primary forms of communication, and best practices and procedures to ensure their safety and health. Chemicals are an intricate and valuable part of our life. When respected and handled properly, they pose minimum risk our safety and health. Knowledge is a valuable safety tool. Not only is it your workers’ right to know, it is their responsibility to use it to protect their safety and that of their co-workers.

Hazard Communications - English - SS1035AE
In today’s litigious society, we begin to take cautions, warnings and disclaimers from manufacturers’ with a touch of skepticism or disregard. When it comes to hazardous chemicals in the work place, words, colors and symbols mean something. Not only is it your workers’ right, it is their responsibility to know what they mean. This program will teach your employees to recognize and understand the different means of communication used to identify hazardous chemicals including the United Nation’s new Globally Harmonized System. Hazmat Security: DOT Requirements - SS13024AE (13 min.)
Price: $245.00
This program focuses on giving employees an awareness of the security risks associated with transporting hazardous materials. Areas covered in this program are: Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

Hazmat Security: DOT Requirements - SS13024AS (13 min.) Spanish
Price: $245.00
This program focuses on giving employees an awareness of the security risks associated with transporting hazardous materials. Areas covered in this program are: Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

HAZWOPER: Chemical Protective Clothing – SS1039F (12 min.)
Price: $245.00
Designed to explain the different types and limitations of protective clothing and the correct application of each type. Also discusses heat stress. Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

HAZWOPER: Chemical Protective Clothing - SS1039FS (12 min.) Spanish
Price: $245.00
Designed to explain the different types and limitations of protective clothing and the correct
application of each type. Also discusses heat stress. Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

**HAZWOPER: Donning/Doffing/Decontamination - SS1041F (17 min.)**
Price: $245.00
Describes how to properly don chemical protective clothing, how to properly remove it and how to decontaminate clothing and personnel effectively. Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

**HAZWOPER: Donning/Doffing/Decontamination - SS1041FS (17 min.) Spanish**
Price: $245.00
Describes how to properly don chemical protective clothing, how to properly remove it and how to decontaminate clothing and personnel effectively. Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

**HAZWOPER: Identifying Hazardous Materials - SS1036F (15 min.)**
Price: $245.00
Designed to complement a variety of HAZWOPER applications. Includes definitions of TLV, TWA, TLV-C, methods of exposure, dust, fumes, gases and more. Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

**HAZWOPER: Identifying Hazardous Materials - SS1036FS (15 min.) Spanish**
Price: $245.00
Designed to complement a variety of HAZWOPER applications. Includes definitions of TLV, TWA, TLV-C, methods of exposure, dust, fumes, gases and more. Security risks associated with transporting hazardous materials, Methods that have been designed to enhance transportation security, How to recognize security risks and Responding to possible security threats.

**HAZWOPER: Medical Surveillance Program - SS1037F (14 min.)**
Price: $245.00
Outlines what exactly is needed for a complete medical surveillance program including medical examinations, recordkeeping and other pertinent information.

**HAZWOPER: Medical Surveillance Program - SS1037FS (14 min.) Spanish**
Price: $245.00
Outlines what exactly is needed for a complete medical surveillance program including
medical examinations, recordkeeping and other pertinent information.

**HAZWOPER: On-Site Safety Considerations - SS1038F (14 min.)**
Price: $245.00
Overview of general safety and health plan requirements, incident characterization, remedial actions and how to create a comprehensive written plan. Explains site control issues, routine operations, medical care, evacuation and more.

**HAZWOPER: On-Site Safety Considerations - SS1038FS (14 min.) Spanish**
Price: $245.00
Overview of general safety and health plan requirements, incident characterization, remedial actions and how to create a comprehensive written plan. Explains site control issues, routine operations, medical care, evacuation and more.

**HAZWOPER: Orientation - SS1035F (16 min.)**
Price: $245.00
The Basics of HAZWOPER requirements, laws and regulations. Provides minimum emergency plan requirements and identifies regulations applicable to HAZWOPER operations.

**HAZWOPER: Orientation - SS1035FS (16 min.) Spanish**
Price: $245.00
The Basics of HAZWOPER requirements, laws and regulations. Provides minimum emergency plan requirements and identifies regulations applicable to HAZWOPER operations.

**HAZWOPER: Respiratory Protection - SS1040F (24 min.)**
Price: $245.00
A vital part of effective HAZWOPER training. Basic training for selecting, using, handling and storing respirators. Proper fit-testing procedures are covered in detail.

**HAZWOPER: Respiratory Protection - SS1040FS (24 min.) Spanish**
Price: $245.00
A vital part of effective HAZWOPER training. Basic training for selecting, using, handling and storing respirators. Proper fit-testing procedures are covered in detail.

**HAZWOPER: Site Safety & Health Plan - SS1042FS (18 min.) Spanish**
Price: $245.00
Overview of general safety and health plan requirements, incident characterization, remedial actions and how to create a comprehensive written plan. Explains site control issues, routine operations, medical care, evacuation and more.
HAZWOPER: Site Safety & Health Plan - SS1042F (18 min.)
Price: $245.00
Overview of general safety and health plan requirements, incident characterization, remedial actions and how to create a comprehensive written plan. Explains site control issues, routine operations, medical care, evacuation and more.

Process Safety: Hazard Analysis - SS1015FE (15 mins)
Price: $245.00
This video program explains the various hazard analysis techniques which can show what could go wrong with your process and the possible consequences to your employees, the environment and the rest of the facility. It provides in-depth information on how to organize a process safety hazard analysis, including quality team assembly and analysis techniques.

Process Safety: Hazard Analysis - SS1015FS (15 mins) Spanish
Price: $245.00
This video program explains the various hazard analysis techniques which can show what could go wrong with your process and the possible consequences to your employees, the environment and the rest of the facility. It provides in-depth information on how to organize a process safety hazard analysis, including quality team assembly and analysis techniques.

Process Safety: Information - SS1014FE (16 mins)
Price: $245.00
This video program discusses the importance of various chemical data elements used in collecting process safety information, including toxicity information, permissible exposure limits, physical data, reactivity data, thermal and chemical stability data and the hazardous effects of inadvertently mixing different materials. Viewers will also learn the importance of gathering information that will tell them what will happen to chemicals, processes, equipment and containment systems in various situations, and how this information can help answer the "what if" scenarios and react to accidental releases of hazardous chemicals.

Process Safety: Information - SS1014FS (16 mins) Spanish
Price: $245.00
This video program discusses the importance of various chemical data elements used in collecting process safety information, including toxicity information, permissible exposure limits, physical data, reactivity data, thermal and chemical stability data and the hazardous effects of inadvertently mixing different materials. Viewers will also learn the importance of gathering information that will tell them what will happen to chemicals, processes, equipment and containment systems in various situations, and how this information can help answer the "what if" scenarios and react to accidental releases of hazardous chemicals.

Process Safety: Intro - SS1013FE (12 mins)
Price: $245.00
This video introduces the technique of process safety management and its systematic
evaluation of the elements which affect a hazardous chemical and its safe handling. This
program will help you “sell” the concept of Process Safety Management to senior managers at
your facility. It provides information about the specific requirements of the PSM Standard for person nel who will be taking part in gathering process safety analysis.

**Process Safety: Intro - SS1013FS (12 mins) Spanish**
Price: $245.00
This video introduces the technique of process safety management and its systematic
evaluation of the elements which affect a hazardous chemical and its safe handling. This
program will help you "sell" the concept of Process Safety Management to senior managers at
your facility. It provides information about the specific requirements of the PSM Standard for personnel who will be taking part in gathering process safety analysis.

**Process Safety: Operator Responsibility - SS1016FE (10 mins)**
Price: $245.00
This program takes the operator through the initial start-up process, normal operations,
temporary operations, emergency shutdown, post-tear down and inspection start-up. Special
emphasis is placed on communication during the information gathering and hazard analysis processes.

**Process Safety: Operator Responsibility - SS1016FS (11 mins) Spanish**
Price: $245.00
This program takes the operator through the initial start-up process, normal operations,
temporary operations, emergency shutdown, post-tear down and inspection start-up. Special
emphasis is placed on communication during the information gathering and hazard analysis processes.

**Propane Safety - Fueling your Forklift - SS1032GE**
Price: $245.00
This program focuses on the key fundamentals to safely handle propane tanks in relation with
forklifts. From safe storage to switching out tanks, this program is a great for anyone that will be working with propane tanks and forklifts.

**Propane Safety - Fueling your Forklift - SS1032GS Spanish (7 Min.)**
Price: $245.00
This program focuses on the key fundamentals to safely handle propane tanks in relation with
forklifts. From safe storage to switching out tanks, this program is a great for anyone that will be working with propane tanks and forklifts.
Abrasive Blasting - SS1024HE (12 min.)
Price: $245.00
Sandblasting and other abrasive blasting is a potentially life-threatening operation without proper training. This video covers all of the important topics including PPE, equipment set & inspection, safe operating procedures, job site conditions, bystander safety and more!

Abrasive Blasting - SS1024HS (12 min.) SPANISH
Price: $245.00
Sandblasting and other abrasive blasting is a potentially life-threatening operation without proper training. This video covers all of the important topics including PPE, equipment set & inspection, safe operating procedures, job site conditions, bystander safety and more!

Aerial Lift Safety - SS1031GE (13 mins)
Price: $245.00
Any job that requires personnel to be elevated above the ground will also require one of the various types of aerial lifts to get them there. This video covers Hazard Recognition, Pre-Start Inspections, Work Zone Inspections, Operator Training and more...

Aerial Lift Work Platform - SS1025GE (15 min.)
Price: $245.00
Aerial work platforms provide access to work areas that were one difficult or impossible to reach. But, there are potential hazards involved. That’s why anyone operating an aerial work platform must be trained and authorized before using the equipment. This program covers a broad range of topics including: Pre-Shift Inspections Operating Controls Safe Operating Procedures Driving and Steering Speed Control Fall Protection and others.

Bucket Truck Safety - SS1021GS Spanish (12 Min.)
Price: $245.00
Bucket & Boom trucks are great tools and have many uses. They allow us to reach places we could not normally reach but there are dangers you may face. That’s what this program is all about, the hazards associated with Bucket Trucks and steps you can take to help minimize your risk and keep you, and those working around you, safe.

Confined Space Entry - SSM254S (27 mins) Spanish
Price: $245.00
Confined spaces are responsible for many deaths every year due to lack of training. Video covers risks and safety standards for confined spaces. Gives detailed information on testing, ventilation, and rescue procedures.

Confined Space Entry - SSM254E (19 mins)
Price: $245.00
Confined spaces are responsible for many deaths every year due to lack of training. Video covers risks and safety standards for confined spaces. Gives detailed information on testing, ventilation, and rescue procedures.

Construction Safety Overview/Orientation SSC0020E
Construction Safety...that's a very broad subject. This video covers a variety of topics and is designed as a basic overview of issues and hazards present on most construction sites. It is a great Orientation video for new employees or a refresher for experienced ones.

Crane Safety: Construction Environment SSC0022E (15 Min.)
Price: $245.00
Cranes are powerful, versatile equipment in use at most construction sites sometime during the construction process. One mistake can lead to serious property damage, injuries of self or employees, or even death. This program covers necessary safety protocols for the safe operation of cranes, as well as safety measures to be taken by those who work around this type of machinery on the ground. It's a must see for new workers and seasoned crane operators alike.

Crystalline Silica Safety - SS1090IS (10 Min.) Spanish
Price: $245.00
Crystalline Silica can be found throughout many industries. Respirable crystalline silica are the small particles created when cutting, sawing, grinding, drilling, and crushing stone, rock,
concrete, brick, block, and mortar. This program covers basic safe work practices that employees should know and follow to help prevent harmful exposure to crystalline silica.

**Crystalline Silica Safety - SS1091IE (10 Min.)**
Price: $245.00
Crystalline Silica can be found throughout many industries. Respirable crystalline silica are the small particles created when cutting, sawing, grinding, drilling, and crushing stone, rock, concrete, brick, block, and mortar. This program covers basic safe work practices that employees should know and follow to help prevent harmful exposure to crystalline silica.

**Dump Truck Safety - SSC020PE (8 mins)**
Price: $245.00
This video covers some of the hazards you might face while operating a dump truck.

**Dump Truck Safety - SSC020PS (8 mins) Spanish**
Price: $245.00
This video covers some of the hazards you might face while operating a dump truck.

**Fall Protection in Construction Environments - SSM261S (12 mins) Spanish**
Price: $245.00
Fall Protection in Construction Environments provides the information employees need to work safely when they are off the ground, and satisfies the major training requirements in the OSHA Standard on Fall Protection. Falls are the second leading cause of death each year in the United States (after traffic accidents)! Over 10,000 people are killed every year as a result of falls...and 200,000 to 300,000 people are disabled. Eight-five percent of all falls that occur on the job result in lost work time. Areas covered in the course include the seriousness of fall hazards, types of environments where falls may occur, the fall protection plan, concentrating and keeping a clear head, the importance of housekeeping in preventing falls, measures that can be taken to protect against falls, protective equipment, and more.

**Fall Protection in Construction Environments - SSM261E (12 mins)**
Price: $245.00

Fall Protection in Construction Environments SSC0023AE
Even a short fall can cause serious injury or even death. This great training tool covers body harnesses, shock absorbing lanyards, swing effect, rope grabs, retractable lanyards, and more. Workers who work in any environment above 4 feet or 6 feet in construction need fall protection training and need to wear fall protection equipment in these circumstances. Physical Barriers as well as personal fall arrest systems are discussed.

Heat Stress: Facts & Prevention - SSG001E (9 Min.)
Price: $245.00
Heat Illness...it can happen to just about anybody working in hot or humid conditions. It can be serious. It can be fatal. But, it' doesn't have to be. A few simple, easy to do steps can mean the difference between just another day at work and a serious medical emergency. This video outlines these steps in an easy to understand manner.

Heat Stress: Facts & Prevention - SSG001S (11 min.) SPANISH
Price: $245.00
More illnesses are surfacing from employees working in abnormally high temperatures, such as in a hot warehouse or warm assembly environment. This video discusses heat stroke, heat stress, fainting, and precautions to take when working in a hot environment.

Housekeeping: Slips, Trips and Falls Prevention - SSCN001 (6 mins)
Price: $245.00
Housekeeping/Slips, Trips & Falls A construction site can become a very messy place. But, the longer it stays that way, the more dangerous it becomes. This video outlines the connection between good housekeeping and injury prevention, especially slips, trips & falls. Common trip and fall hazards are shown and the root causes are examined for maximum impact.

Housekeeping: Slips, Trips and Falls Prevention - SSCN001S (6 mins) Spanish
Price: $245.00
Housekeeping/Slips, Trips & Falls A construction site can become a very messy place. But, the longer it stays that way, the more dangerous it becomes. Explains the 4:1 rule when placing straight ladders, the belt buckle rule, 36" requirement for straight ladders above landings and more. A great program for new or experienced workers.

**Lead In The Workplace: The Facts - SS1093IE (8 Min.)**
Price: $245.00
Lead…it has a variety of uses. It can be combined with other metals to produce alloys. Lead and lead alloys are often used to make batteries, ammunition, and other metal products. Years ago, lead was also used regularly in paint, ceramics, caulk, and pipe solder among other things. Because of its potential health problems, the amount of lead used in these products today has lessened or has been removed. Though used less often, lead is still common in many industries, including construction, mining, and manufacturing. In each of these industries, workers are at risk of being exposed to lead. This videos outlines the hazards and gives viewers the facts about lead in the workplace.

**Overexertion Prevention - SSC018GE (14 min.)**
Price: $245.00
Engineers and maintenance personnel know from experience that moving parts in equipment and machinery, if not properly used and maintained, are subject to wear and tear. Yet when it comes to our own bodies, we often think of them as indestructible. Overexertion type injuries are the highest percentage of worker compensations costs representing nearly 30 cents of every $1 in claims paid. These types of injuries are often associated with lifting, pushing, pulling, tossing and handling material. In this effective and motivational program, your employees will learn how the body functions, risk factors associated with overexertion type injuries, and preventive measures they can utilize to reduce their exposure and prevent injuries. The program teaches the impact their posture can have on their body and the cumulative affect of improper lifting techniques. The visual graphics and comprehensive information will educate and motivate your employees to make the proper decisions and lifestyle adjustments to ensure their health and safety.

Price: $245.00

Pneumatic Tool Safety - SS1023HS (6 Min.) Spanish
Price: $245.00

Power Saw Safety - SS1021HE (7 Min.)
Price: $245.00

Power Saw Safety - SS1021HS (7 Min.) Spanish
Price: $245.00

Pre-Shift Walk Around Inspection: Backhoes SSC017EE
Price: $245.00
Backhoes must be inspected before they are operated, every time its operated. It’s the law. A proper inspection protects the operator and those working nearby by ensuring that the equipment is mechanically safe. That’s what this video is all about, how to preform a thorough and accurate pre-shift inspection. The equipment is broken down into 4 quadrants to ensure accuracy and consistency for every inspection.

Propane Safety - Fueling your Forklift - SS1032GE
Price: $245.00
This program focuses on the key fundamentals to safely handle propane tanks in relation with forklifts. From safe storage to switching out tanks, this program is a great for anyone that will
be working with propane tanks and forklifts.

**Respiratory Protection: The Facts - SS1030BE (17 mins)**
Price: $245.00
Sometimes it is difficult to respect a hazard you can’t see or one that may take years to affect you. Respirators can provide protection, but only if they are worn and used properly. Respiratory Protection creates an awareness and respect for the hazards by demonstrating with highly effective graphics how the respiratory system works and the effects of different airborne hazards. The program covers proper use, care and maintenance of air-purifying respirators and the importance of proper selection and fit. Respiratory Protection will educate and motivate your worker on when and how to properly use their air-purifying respirator.

**Respiratory Protection: The Facts - SS1030BS (18 mins) Spanish**
Price: $245.00

**Distracted Driving: Make The Correct Choice – SS1068IE (13 min.)**
Price: $245.00
In today’s busy world, distractions are everywhere, especially behind the wheel. Phones, Ipods, texting, talking, you name it, they’re all distractions. The temptation to use these devices behind the wheel is very real. This program identifies these hazards, exposes the dangers they present and offers practical advice on how to remain focused behind the wheel. Statistics show that up to 63% of all motor vehicle crashes are due in whole, or in part to distracted driving. In fact, distracted driving is rapidly becoming the largest contributor to serious and fatal vehicle crashes. This all-new video will help prevent you and your employees from becoming one of these statistics.

**Driving Distractions Of The Everyday Driver- SS1073I (18 min.)**
Price: $245.00
In this presentation, viewers will become familiar with the unusual distractions faced by the everyday driver and how to prevent them from creating unsafe situations on the road. Topics covered include: Safe and effective use of comfortable controls GPS technology and cell phones How to handle additional unexpected distractions inside and outside of the vehicle

**Driving Distractions Of The Professional Driver - SS13025A (15 min.)**
Price: $245.00
Prevent distracted driving among employees with this presentation on how professional drivers can prepare for a safe drive and maintain that safety while on the road. The material covers the host of possible distractions professional drivers face and how to avoid them through per-trip planning, knowing how to handle unexpected weather changes and handling everyday driving hazards on the job.

**Intersections - SS17035AE (5 Min.)**
Price: $245.00
Intersections can be one of the most hazardous locations you navigate on the road. There are many factors that can affect your safety approaching and navigating intersections. This video will explain these factors and the steps you can take to avoid accidents.

**Pre Trip Inspection: The Circle of Safety - SS1084IE (15 mins)**
Price: $245.00
Demonstrates for professional drivers the key components of a systematic, comprehensive and easy to-remember pre-trip inspection.

**Pre Trip Inspection: The Circle of Safety - SS1084IE (15 mins) Spanish**
Demonstrates for professional drivers the key components of a systematic, comprehensive and easy to-remember pre-trip inspection.

**Road Rage and Aggressive Driving - SS1076IE (12 mins.)**
Price: $245.00
Road Rage & Aggressive Driving - In any discussion of Drivers Safety, one of the most dangerous hazards is the Human Factor...the unpredictability of all the drivers on the road...and the way that emotion can influence the way we drive. Road Rage is responsible for over half of the fatal crashes on our roadways each year.

**Safe Backing Of Tractor Trailers - SS17031AE (5 mins)**
Price: $245.00
One of the most challenging situations a truck driver faces is backing, and it's an action that is performed every day in a variety of situations. This video is a great way to help train new drivers or give refresher training to experienced drivers.

**Snowplow Safety - SS1006JE (11 min)**
Price: $245.00
This program discusses how the safely operate Snowplows so operators can safely complete their tasks. Although they seem easy to use, they can be very dangerous when used by untrained drivers. Topics include: Pre operational inspection Obeying local, state, and federal laws Marking and flagging
Texting And Driving: The Facts - SS1072IS (11 Min.) Spanish
Price: $245.00
Texting and driving is the new “drunk driving” of the technological world we live in. This video covers the three basic ways texting and driving distracts drivers and presents testimonials from a few drivers who have had personal experiences with texting and driving. Texting and driving not only effects you, it also effects those around you!

Texting And Driving: The Facts - SS1072IE (11 min.)
Price: $245.00
Texting and driving is the new “drunk driving” of the technological world we live in. This video covers the three basic ways texting and driving distracts drivers and presents testimonials from a few drivers who have had personal experiences with texting and driving. Texting and driving not only effects you, it also effects those around you!

Utility Cart Safety - SS1043IE (10 min.)
Price: $245.00
Focuses on operating safety, maintenance of electric batteries, safe driving techniques and basic safety requirements. Allowing operators to drive these vehicles without proper training increases a company’s liability in the event anyone is injured as a result.

Utility Cart Safety - SS1043IS - (10 Min.) Spanish
Price: $245.00
Focuses on operating safety, maintenance of electric batteries, safe driving techniques and basic safety requirements. Allowing operators to drive these vehicles without proper training increases a company’s liability in the event anyone is injured as a result.

Winter Driving in Extreme Weather Conditions SS1088S (10 Min.) Spanish
Price: $245.00
This video will help you understand some of the hazards associated with winter driving. Some of the topics include safe speeds, hydroplaning, braking and pre-trip inspection.

#### Basic Electrical Safety SS1085IE (11 Min.)
Price: $245.00

This video explains the basics of electrical safety in an easy to understand manner. A great program for new employees or experienced employees in need of refresher training.

#### Basic Electrical Safety SS1085IS (11 Min.) Spanish
Price: $245.00

This video explains the basics of electrical safety in an easy to understand manner. A great program for new employees or experienced employees in need of refresher training.

#### Lockout/Tagout - SS1036AS (14 mins) Spanish
Price: $245.00

It is estimated that over 100 workers are seriously injured every day due to failure to properly lockout-tagout equipment. This program covers the purpose of lockout-tagout, the hazards associated with the accidental release of stored energy, proper lockout-tagout procedures for attaining zero energy state, proper startup procedures and special situations. Referred by many professionals as the best training program in the market, Lockout-Tagout creates an awareness and respect for the hazards and motivates your workers to follow best practices to prevent incidents and ensure their safety.

#### Lockout/Tagout - SS1036AE (14 mins)
Price: $245.00

Referred by many professionals as the best training program in the market, Lockout-Tagout creates an awareness and respect for the hazards and motivates your workers to follow best practices to prevent incidents and ensure their safety.

**Solid Waste: Lockout Tagout - SS10035AE (13 min.)**
Price: $245.00

In most industries it is as simple as turning off the power and installing a lock to prevent the power from being turned back on. In the solid waste industry the purpose is the same, protecting employees, but the energy sources we need to control aren’t usually controlled by just a circuit breaker. This program takes a detailed look about how to properly lock and block trash hauling vehicles during maintenance and clean out operations.

**Supermarket: Lockout/Tagout (7 min.) SS 11002AE**
Price: $245.00

Failure to lock out and tag machinery before working on it is a major cause of injury and death in the United States. Workers can be electrocuted or lose fingers, hands, arms, or suffer severe crushing injuries because machinery is inadvertently turned on while being serviced or maintained. Lockout/Tagout prevents these injuries. This short program is designed to explain basic lockout/tagout procedures, some terminology used in the procedures and general requirements.
CPR AED Awareness Training - SS21070I (11 min.)
Price: $245.00
CPR can save someone's life, we will go over some common techniques in this video. We will also cover AED related procedures. Included in this video is a step by step approach on what to do for an adult cardiac emergency, calling 911, and a comprehensive description and demonstration section on how to perform CPR for the adult age group. A brief introduction to the AED (Automated External Defibrillator), the importance of this life-saving device and how to operate one.

Earthquake Safety SS1005IE (12 min.)
Price: $245.00
Earthquakes, like tornadoes and hurricanes, hit with little or no warning. Being properly prepared can make all the difference in how you & your workplace are affected. This program teaches you how to prepare for the emergencies, from storing supplies and “Earthquake-Proofing” your environment to training your employees in all emergency & evacuation procedures. Learn how to greatly reduce the impact of earthquakes or any natural disaster.

Earthquake Safety SS1005IS - (12 min.) Spanish
Price: $245.00

Emergency Preparedness: A Supervisor's Responsibility - SS1050IE (25 min.)
Price: $245.00
This comprehensive video addresses EVERYTHING concerning emergency preparedness and natural disasters such as floods, earthquakes, hurricanes and storms. Also covers accidental disasters; fires, workplace tragedies and chemical spills. It even covers intentional disasters such as workplace violence, terrorism, employee sabotage and arson. The time to prepare for an emergency is before it happens and this is the best program available to train your supervisors to properly prepare and effectively respond.

Evacuation Procedures - M240ESS
Price: $245.00
Evacuation Procedures provides the information employees need to learn what steps to take to act quickly and safely during an evacuation. Dealing with an emergency is never easy. Neither is evacuating a facility when one is happening. Very few people can think clearly or act logically in a crisis, and our urge to get out can easily turn into panic. The result can often be a stampede that causes injuries and property damage. But it doesn’t have to be that way, because you can help to ensure that an evacuation is calm and orderly. The course includes information on the Evacuation Team, preparing yourself for an evacuation, basic evacuation procedures, evacuating multi-story buildings, coping with fires and explosions, dealing with HAZMAT emergencies, and more. This VOD program is one of the most effective and efficient ways to get employees the training that they need, in a classroom or individually through their desktop or tablet computer.

First Aid - SS1058IE (9 min.)

Price: $245.00

First Aid is the immediate care given to the injured or suddenly ill person, it is temporary assistance until proper medical professionals are available. This training program is designed to provide information so that you can help a victim that is in need of first aid.
**Ergonomics - What's Wrong With This Picture? - SS1049I (10 min.)**
Price: $245.00

In this video, students are shown scenes of office employees at work and are asked to identify the hazards present. The clips are played back with narration and graphics explaining the problem and how to correct it. This method can make the training more interesting to employees weary of standard safety videos.

**Industrial Ergonomics - SS1082IE (9 min.)**
Price: $245.00

The official definition of Ergonomics is this...to apply engineering controls and scientific principles when designing a work environment that accommodates the employee in relation to the workplace, product, equipment, tools, workspace and organization of the work. The objective of ergonomics is to fit the task to the worker, rather than forcing the worker to adapt to the existing conditions. To put it simply, ergonomics is about making your job more user friendly. This video does exactly that and along the way you’ll learn how to prevent CTDs and other cumulative injuries by recognizing the warning signs before they cause pain and discomfort. The Goal? Fewer injuries and CTD's, improved productivity with less time off the job due to ergonomic injuries, and an overall better quality of life, on and off the job.

**Office Ergonomics: Adjusting Your Workstation - SS1057IE (14 min.)**

Price: $245.00

This unique approach to Ergonomics training, begins by asking each viewer to select what area of their body, if any, is experiencing pain or discomfort. They are shown common postures that can cause or contribute to the conditions. The viewer is then lead through a comprehensive and specific method of adjusting a workstation to maximize neutral postures and minimize pain, discomfort and strain. This program also points out the multitude of other factors outside of the workplace that can contribute to musculo-skeletal disorders. This encourages viewers to take steps to adopt neutral postures in all of their activities.

**Office Ergonomics: Adjusting Your Workstation - SS1057IS (14 min.) Spanish**

Price: $245.00
Forklifts & Material Handling

**Aerial Lift Work Platform - SS1025GE (15 min.)**
Price: $245.00
Aerial work platforms provide access to work areas that were once difficult or impossible to reach. But, there are potential hazards involved. That’s why anyone operating an aerial work platform must be trained and authorized before using the equipment. This program covers a broad range of topics including: Pre-Shift Inspections, Operating Controls, Safe Operating Procedures, Driving and Steering, Speed Control, Fall Protection and others.

**Aerial Lift Work Platform - SS1025GS SPANISH**
Price: $245.00

**Electric & Manual Pallet Jack Safety SS1033GE**
Price: $245.00
Pallet Jacks are common tools in warehouse and other environments. There are hazards associated with their use for operators and those who work in the same areas. This program outlines the basics of pallet jack safety and provides the do's and don'ts of safe operation. Manual, walk-along and ride-on equipment are all discussed.
Forklift Operator Training - SS1024GS (18 min.) SPANISH
Price: $245.00
This program utilizes video shot on location as well as 3D animations to train new or experienced employees in the importance of safe operation and the responsibilities of professional lift truck operations, and the skills and techniques operators can use to help ensure workplace safety and incident prevention. Anyone required to operate forklifts must be trained in accordance with mandated standards. Training must include a wide variety of topics including engineering principles, forklift operating rules, equipment characteristics, differences between a forklift and a car, environmental hazards, operator maintenance, hazardous locations, surface operating conditions, site-specific operations, potential hazards, and other pertinent information. This video does just that and is a great training aid for training new operators or as refresher training for experienced operators.

**Forklifts and the Pedestrian SS1038GE (8 Min.)**

Price: $245.00

The most common accident seen in forklifts is striking a pedestrian. This means as a pedestrian you need to be extremely vigilant when working around forklifts, and the same goes for the forklift operator too. This program focuses on the safety of pedestrians, and the things you can do to make sure you will have a safe workday.

**Industrial Cranes: Safety Is In Your Hands - SS1026H (15 min.)**

Price: $245.00

Cranes. Useful tools. Powerful tools. Tools that need to be treated with respect. Why? The reason is simple. Any mistake with a crane, even a small mistake can have serious consequences including property damage, injury or even loss of life. Knowing how to use the equipment properly and following established policies and procedures can help minimize risk. That’s what this program is all about, the basics of crane safety.

An Extra Effort For Safety Sake: Safety Behavior - SS1065IE (15 min.)

Price: $245.00

If safety is so important, why do accidents and injuries continue to occur? Government statistics estimate 5.7 million workplace injuries and illnesses occur annually with associated costs over $170 billion. This dynamic new program addresses a complex issue with a light touch and an important message. Everyone is responsible and accountable for safety. Whether a new employee, 20-year veteran, or plant manager, this program is ideal for everyone at your site. An Extra Effort for Safety Sake addresses the importance of safety, the financial and emotional impact accidents and injuries can have, why safety needs to be a part of every task performed, and best practices to prevent incidents from occurring at your site. Filmed in multiple locations, this program will have a positive and lasting impact on your safety culture and motivate all employees to incorporate safety into every task they perform to help create an accident free work environment.

Cal OSHA’s AB2774 UPDATED SS9001AE

Price: $245.00

On January 1, 2011, the State of California is facing a new legislation currently known as AB2774, that could radically affect how Cal/OSHA defines the term “Serious Violation”. Other states are likely to follow. At present a serious violation is one where there is a substantial probability that death or serious physical harm could result from the event. Examples in but are not limited to serious exposure to a chemical exceeding and established permissible exposure limit or violation of any standard regarding the use of a carcinogen and usually result in higher penalties. The new law will redefine the term “Serious Violation” and change the way the Division of Occupational Safety and Health also known as DOSH establishes such
violations. This could lead to far more citations, higher penalties, more enforcement actions and serious violations that are much harder to contest. The penalties could result in one year in jail and/or a $1, fine. Managers and supervisors are at risk. This program explains the new laws and how to prevent such conditions and penalties.

**Fighting Fatigue in the Workplace - SSM309E (15 mins)**
Price: $245.00
Tired people make mistakes. That's why workplace fatigue can significantly increase the likelihood of employees being hurt, even killed, on the job. It also reduces productivity and increases expenses. Each year, fatigue costs U.S. businesses more than $130 billion dollars. But it can be prevented. MARCOM's training products on "Fighting Fatigue in the Workplace" discuss the causes of fatigue, the hazards that it creates and what employees can do to avoid it. All of the products... the new "Micro-Learning" and full-length online courses as well as the DVDs and interactive CD courses... discuss topics that are integral to employees' understanding of these issues. Topics covered in these products include: What fatigue is and what causes it. The hazards of fatigue. Reducing fatigue in the workplace. How "sleep hygiene" can help. The role of healthy diet and exercise. and more.

**Human Trafficking: See Something, Say Something SS1086I (12 Min.)**
Price: $245.00
Human Trafficking is the illegal trade of human beings for the purpose of sexual exploitation, forced labor or modern day slavery. It happens every day and you may be a witness to it. What can you do to help stop it? This video explains how.

**Industrial Cranes: Safety Is In Your Hands - SS1026H (15 min.)**
Price: $245.00
Cranes. Useful tools. Powerful tools. Tools that need to be treated with respect. Why? The reason is simple. **First Aid – SS1058IE (9 min.)**
Price: $245.00
First Aid is the immediate care given to the injured or suddenly ill person, it is temporary assistance until proper medical professionals are available. This training program is designed to provide information so that you can help a victim that is in need of first aid.

**HIPAA Compliance - SS14017AE (10 min.) [English Only]**
Price: $245.00
The Health Insurance Portability and Accountability Act, or HIPAA, forbids sharing, transmitting or divulging of information designated as Protected Health Information or PHI of individuals. It’s designed to offer workers specific protections. Businesses are charged with the responsibility of complying with the provisions set forth in HIPAA and this program was designed to help you reach this goal. This program will help you understand what the HIPAA rulings mean, what your company must do and the steps that must be taken to bring your organization into compliance.

**Home Health Care - Animal Control - SS704E**
Price: $245.00
Home Care Workers visit different home environments on a daily basis, and with different environments comes an array of challenges. One of those challenges may be encountering hostile pets. In some situations, when visiting a client, Home Care employees may be threatened, bitten, or otherwise injured by an unrestrained animal. Most animals seem friendly and harmless. Yet, every year in the U.S. animals: Bite millions of people, seriously injure thousands of people and kill about 100 people. Workers can help protect yourself and others
by knowing how to recognize the warning signs of aggressive behavior, avoid or prevent an animal attack or how to defend an attack. This program illustrates all of these important techniques.

**Home Health Care - Body Mechanics - SS701E**
Price: $245.00
The purpose of using proper body mechanics is simple...To Prevent Injury. One of the most strenuous and potentially hazardous parts of home healthcare is bending, stretching and reaching. This program teaches how to reduce risk and prevent injury. Lift assist equipment such as gait belts, bath boards, grab bars and others are discussed as ways to reduce lifting demands. Viewers are taught to properly assess their environment and correct hazards before incidents occur. Safe Client Transfers and Ambulation are addressed in detail.

**Home Health Care - Elder/Child Abuse and Neglect - SS706E**
Price: $245.00
Elder and child Abuse. Tragic. Horrifying. Unthinkable. Yet, it’s estimated hundreds of thousands of elders and children are abused each year. Estimated because our picture of elder and child abuse is limited, due to the hidden and complex nature of the problem and the failure of healthcare workers and others to report elder and child abuse consistently. It can be hard to spot the more subtle forms of neglect and abuse. They’re often unrecognized, because victims tend to be isolated. By learning to recognize elder or child abuse and neglect, by learning how to respond to the cases and by committing yourself to safeguarding clients in your care.

**Home Health Care - Slips, Trips and Falls - SS702E**
Price: $245.00
Slips, trips and falls are the second most common cause of injury for home and community health workers. These types of accidents can result in serious disabling injuries and have a major impact on one's ability to perform their job and may result in lost work days, reduction in productivity or a diminished ability to care for a client. Recognizing and correction of household hazards is examined as the first step in prevention. Common slips and falls are examined to show what are the actual root causes and steps are outlined for workers to take to reduce hazards for everyone in the home.

**Home Health Care - Workplace Violence - SS705E**
Price: $245.00
Workplace Violence is unacceptable, regardless of the work environment. This program defines different types of workplace violence common to home health care situations and discusses ways to prevent incidents. Recognition, prevention and de-escalation are the main techniques taught.

**Home Health Care - Body Mechanics - SS701S (16 mins) Spanish**
Price: $245.00

Enjoy this immersive experience.

**Active Shooter Awareness Video: Helping Prevent Tragedy - SS5052AS (15 MIN.) Spanish**
Price: $245.00
Incidents involving active shooters continue to be in the news. These acts of violence are becoming more commonplace in today’s society, and although your chances of being a victim of an active shooter incident are minuscule, it is important your organization and your associates plan and be prepared for such an incident. Active shooters can strike where we live, where we work, where we study, where we shop or any other environment. No business or institution is immune to the potential of an active shooter attack. The purpose of this informational training is not to alarm viewers, but to enlighten them regarding some of the elements of an active shooter scenario and what they should do to be prepared to deal with such an act. Note: Please pay for this video through the following link when you are ready to start the video playing. Once it is paid for you will have access to it on this computer for the next 4 hours. Once you start the video, you can pause, jump ahead or rewind the video as long as you stay on this web page. If you leave the page and come back more than 4 hours from when you paid, you will have to pay again.

**Courtesy Shuttle Safety - SS5041AS (11 min.) Spanish**

Price: $245.00

**Courtesy Shuttle Safety – SS5041AE (11 min.)**

Price: $245.00

Courtesy Shuttles... Customer Service tools that show our guests how much we care. They’re a great convenience and help our guests get where they need to be... when they need to be there. Driving one of these vehicles seems easy enough, but there’s a lot riding on the ability of your drivers. This all new program covers general safe operating procedures as well as pre-trip inspection, mirror adjustments, lane changing, defensive driving, parking, backing and
intersections.

**Customer Service in Hospitality - SS5069AE (5 mins.)**
Price: $245.00
Customer Service...Hospitality, the two go hand in hand. Customer service is everyone's job at the hotel, not just the Front Desk. This program outlines some do's and dont's of customer service and teaches your associates to make a good impression, regardless of what department they work in.

**Diversity in the Workplace: Hospitality - SS5071AE**
Price: $245.00
There's no more precious and valuable resource in our workplaces today than the people who populate them. That population is growing more and more diverse as we move into the future, and the Hospitality Industry is in the forefront of this trend. Diversity in the hospitality environment affords a number of important benefits. Cultural exchanges between hospitality workers and guests offers opportunity to develop a vital tourism industry, especially given the globalization of business that's going on. Employers are beginning to understand and accept the idea of equal employment opportunity, which benefits employees and guests alike. A culturally diverse employee base more easily interacts with guests from various backgrounds, a valuable component to first class guest service.

**Employee Safety Orientation - Hospitality SS5001AE (12 min.)**
Price: $245.00
This video is the perfect way to introduce new employees to general occupational hazards to which they may be exposed and to re-train experienced workers. Program includes basic safety rules, electrical hazards, powered equipment and machinery, back injury prevention, fire protection and more.

**Human Trafficking Awareness - SS5051AE (8 min.)**

Price: $245.00

Authorities estimate that between 600,000 and 800,000 people are trafficked across borders every year. Often these victims are lured into a promise of a better life or a job offer, many times involving travel to another country, only to be forced into a situation they are unable to escape from. But why do Hotel Associates need to know about Human Trafficking? Law enforcement sources have indicated the illegal transportation of humans from one location to another is often facilitated through the use of hotels as a stopover points. Additionally, sexual exploitation has been known to sometimes occur in hotel rooms and hotel lounges. The “Trafficking Victims Protection Act of 2000” makes this activity a federal crime in the United States. Many organizations including hotels, airlines and others are stepping up to help combat this growing problem. This program will help associates identify suspicious activity and provide them with instruction on how to proceed with their suspicions.

**Manager on Duty Safety and Security - SS5061AE (13 Min.)**
Price: $245.00
MARCOM’s Video On Demand (VOD) program on Safety Housekeeping and Accident Prevention provides workers with the information they need to recognize on-the-job hazards and explains how they can prevent them. Employees need to understand how to maintain a neat and orderly work environment and develop other good safety habits that will help them to create a safer workplace for everyone. Workplace accidents cause nearly 5,000 deaths and 3 million injuries every year. But many of these incidents could have been prevented. Good housekeeping and safety practices can significantly reduce accidents and injuries in any type of work environment. This program will provide workers with the information they need to recognize on-the-job hazards and explain how they can prevent them. Topics covered include developing a good safety attitude; maintaining a neat and orderly work environment; using
tools and equipment; identifying and storing hazardous materials; hazardous materials cleanup and disposal, personal protective equipment and more. This VOD program is one of the most effective and efficient ways to get employees the training that they need, in a classroom or individually through their desktop or tablet computer. The program can be delivered through your distributor or loaded onto your own delivery system.

**Manager on Duty: Safety and Security - SS5061AS (13 Min.) Spanish**  
Price: $245.00  
Manager on Duty. What exactly does that mean? It might be easier to define what it DOESN’T mean because the responsibilities of a Manager on Duty involve every aspect of the entire operation…outside…inside…front of house…back of house…Associates…Guests…everything. This video focuses on some of the more vital issues relating to Safety and Security. A Manager on Duty may not be actually perform the duties or responsibilities in each issue we discuss, but they are responsible to ensure they are done, or not done, to protect the safety of our guests, property and our Associates. Topics include: guest privacy, evictions, DRAM shot, aggressive behavior, employee/guest injuries, noise complaints, drugs/weapons and many more.

**Security Awareness - Management Training - SS5031AE (22 min.)**
Price: $245.00
Different properties face varying degrees and different types of threats. The size and location of property may play a major role in determining your individual risk. But in today’s environment we need to understand that we all need to be ready ... all of the time. Regardless of the threat you need to respond effectively and appropriately with as little disruption to guests as possible. It’s not always easy but it’s a job that must be done and it must be done right. This video is a great way to train management on what threat levels are and what action must be taken to minimize risk regardless of the threat level.

**Security Awareness-Associate Training-Hospitality - SS5027AE (12 min.)**
Price: $245.00
Working in a hotel is a unique experience. There’s always a lot of activity. Guests and employees arrive and depart around the clock. This activity makes for an exciting workplace, but it also increases security risks both in public and non-public areas. This program is designed to make associates more aware of their responsibilities and provide them with techniques and procedures to ensure their own safety and the safety of guests. The video takes a look at a few common situations and illustrates the right way and the wrong way to handle them. Great for everyone on staff.

**Security Begins At The Front Desk - SS5055AE**
Price: $245.00
Security at a Hotel requires the participation and cooperation of everyone on Staff, not just Security Personnel. Front Desk personnel are a crucial part of the Security of your property. They are often the first line of defense and have perhaps the most visible role in spotting and preventing potential threats and reporting suspicious activity. Without vigilant Front Desk Staff, the Security of any property is at higher risk. This program is a great tool for training Front Desk Associates, Bell Staff or anyone working in, around or near your property’s lobby. Topics Include: Protecting Guest Privacy Human Trafficking Emergency Response Key Control

**Toxic Mold: The Facts - SS1047FE (17 Min.)**

**Active Shooter Awareness Video: Helping Prevent Tragedy - SS1075IE (9 min.)**
Price: $245.00

Incidents involving active shooters continue to be in the news. These acts of violence are becoming more commonplace in today’s society, and although your chances of being a victim of an active shooter incident are minuscule, it is important your organization and your associates plan and be prepared for such an incident. Active shooters can strike where we live, where we work, where we study, where we shop or any other environment. No business or institution is immune to the potential of an active shooter attack. The purpose of this informational training is not to alarm viewers, but to enlighten them regarding some of the elements of an active shooter scenario and what they should do to be prepared to deal with such an act.

**Cal OSHA’s AB2774 UPDATED SS9001AE**
Price: $245.00

On January 1, 2011, the State of California is facing a new legislation currently known as AB2774, that could radically affect how Cal/OSHA defines the term “Serious Violation”. Other states are likely to follow. At present a serious violation is one where there is a substantial probability that death or serious physical harm could result from the event. Examples in but are not limited to serious exposure to a chemical exceeding and established permissible exposure limit or violation of any standard regarding the use of a carcinogen and usually result in higher penalties. The new law will redefine the term “Serious Violation” and change the way the Division of Occupational Safety and Health also known as DOSH establishes such violations. This could lead to far more citations, higher penalties, more enforcement actions and serious violations that are much harder to contest. The penalties could result in one year in jail and/or a $1, fine. Managers and supervisors are at risk. This program explains the new laws and how to prevent such conditions and penalties.
**Discrimination: Nobody Wins - SS1020AE (14 min.)**

Price: $245.00

Federal law demands that all employees must be hired, rewarded or reprimanded strictly based on job qualifications and job performance without regard to race, age, sex disability, religion or national origin. Most people believe this is the right thing to do...or do they? The reality is, discrimination, especially subtle discrimination, and harassment are still common occurrences in your workplace. Common stereotypes and broad assumptions about our differences are at the root of most discrimination problems. We all want a safe, fair and productive work environment, but discrimination can lead to an erosion of these principles. Everyone benefits from a discrimination-free workplace. But, if we let discrimination be a problem...nobody wins.

**Discrimination: Nobody Wins - SS1020AS (14 min.) Spanish**

**Fighting Fatigue in the Workplace - SSM309E (15 mins)**

Price: $245.00

Tired people make mistakes. That's why workplace fatigue can significantly increase the likelihood of employees being hurt, even killed, on the job. It also reduces productivity and increases expenses. Each year, fatigue costs U.S. businesses more than $130 billion dollars. But it can be prevented. MARCOM's training products on "Fighting Fatigue in the Workplace" discuss the causes of fatigue, the hazards that it creates and what employees can do to avoid it. All of the products... the new "Micro-Learning" and full-length online courses as well as the DVDs and interactive CD courses... discuss topics that are integral to employees' understanding of these issues. Topics covered in these products include: What fatigue is and what causes it. The hazards of fatigue. Reducing fatigue in the workplace. How "sleep hygiene" can help. The role of healthy diet and exercise. and more.

**Harassment in the Workplace - SS1080IE (10 min)**

Price: $245.00

Workplace harassment includes unwanted verbal or physical behavior regarding sex, gender, gender identity, religion, race, skin color, sexual orientation, physical or mental disability and age. Harassment can target almost any personal characteristic, and occur between any two people...co-workers, managers, or even non-employees like clients, contractors, or vendors. In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. Harassment can lead to a hostile, volatile workplace, which is why it is important that your associates know how to properly recognize this behavior and respond correctly. handling these situations wrong can lead to retribution and escalation, so everyone at your facility should be properly trained. This video is a great place to start.

**Harassment in the Workplace - SS1080IS**

Price: $245.00

Workplace Harassment in Industrial Facilities - This program on Workplace Harassment in Industrial Facilities discusses the various types of harassment that are found in the workplace, how they can affect an employee’s work situation and what employees themselves can do to help prevent workplace harassment. When people hear the word harassment they usually think of sexually-related activity. But harassment encompasses a wide range of behavior... from practical jokes to intimidation. It can also include threats, verbal abuse and discrimination, even stalking and assault... and anyone can be subject to it. Areas covered in the course include the nature of workplace harassment, how to recognize various types of harassment, how to handle verbal abuse and threats, the many forms harassment can take, how to recognize the many variations of assault, knowing what to do, and what not to do, when confronted with a stalker, how fostering a positive workplace environment can increase productivity and safety, and more. This VOD program is one of the most effective and efficient ways to get employees the training that they need, in a classroom or individually through their desktop or tablet computer.
**HIPAA Compliance - SS14017AE (10 min.) [English Only]**
Price: $245.00
The Health Insurance Portability and Accountability Act, or HIPAA, forbids sharing, transmitting or divulging of information designated as Protected Health Information or PHI of individuals. It’s designed to offer workers specific protections. Businesses are charged with the responsibility of complying with the provisions set forth in HIPAA and this program was designed to help you reach this goal. This program will help you understand what the HIPAA rulings mean, what your company must do and the steps that must be taken to bring your organization into compliance.

**Sexual Harassment: What Managers Need To Know - SS2019AE (25 min.)** [English Only]
Price: $245.00

This program explains how managers should handle and respond to complaints and how to recognize potential sexual harassment in the workplace. Also provides information on how to conduct a proper investigation of a sexual harassment complaint. A handy guide for human resource managers or other personnel involved in the investigation of a sexual harassment complaint.

**The Aging Workforce - Supervisor Version - SS5038AE (16 mins)**
Price: $245.00

The Census Bureau states that by 2020 the number of over 55 people in the workforce will increase by 73% while the number of young workers will increase only 5%. This program will help you develop and implement strategies that will allow you to capitalize on the strengths of this ever-growing sector of your employment base and be better prepared to handle the
challenges that may arise as a result of having older employees as part of your workforce.

**The Aging Workforce: Employee Training - SS5039AE (10 min.)**
Price: $245.00
This program will help older workers define their unique place in today’s workforce by teaching them to recognize their strengths and capitalize on the experience they bring to their job. Limitations of older workers are also addressed in addition to steps that can be taken to increase productivity.

**The Safety Supervisor: Orientation and Overview - SS2051AE (14 mins)**
Price: $245.00
The Safety Supervisor: Orientation and Overview will go over the topics Supervisors will need to know to do their job. In any organization or company, maintaining a safe workplace is an everyday commitment, and while everyone plays a role in that effort, no-one is more involved and more responsible than the Safety Supervisor. From orienting new hires to generating accident reports to checking protective equipment, the Safety Supervisor has to be available, aware, accountable and ready to take action at all times.

**The Safety Supervisor: Orientation and Overview - SS2051AS (14 mins) Spanish**
Price: $245.00

From orienting new hires to generating accident reports to checking protective equipment, the Safety Supervisor has to be available, aware, accountable and ready to take action at all times.

**Workplace Harassment: Abuse of Power - SS9102AE (8 Min.)**
Price: $245.00
Workplace harassment includes unwanted verbal or physical behavior regarding sex, gender, gender identity, religion, race, skin color, sexual orientation, physical or mental disability and age. Harassment can target almost any personal characteristic, and occur between any two people...co-workers, managers, or even non-employees like clients, contractors, or vendors. In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. Harassment can lead to a hostile, volatile workplace, which is why it is important that your associates know how to properly recognize this behavior and respond correctly. Handling these situations wrong can lead to retribution and escalation, so everyone at your facility should be properly trained.

**Workplace Harassment: Comprehensive Employee Training - SS9113AE (50 Min.)**
Not dealing with workplace harassment can undermine the success and morale of any organization. We all want an environment where everyone is able to do their best and work together effectively as a team. To accomplish this goal we all need to be aware that harassment exists and it must not be tolerated on any level. In this video we’ll define some common types of harassment and you will learn what to do in these situations. Failure to respond to a complaint can result in your company being liable for monetary damages when an employee has to seek intervention from a governmental agency or file a lawsuit. We all need to learn to recognize harassment and work together to stop it. This video is a great way to start.

**Workplace Harassment: Discrimination - SS9108AE (15 Min.)**

Price: $245.00

Workplace harassment includes unwanted verbal or physical behavior regarding sex, gender, gender identity, religion, race, skin color, sexual orientation, physical or mental disability and age. Harassment can target almost any personal characteristic, and occur between any two people…co-workers, managers, or even non-employees like clients, contractors, or vendors. In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. Harassment can lead to a hostile, volatile workplace, which is why it is important that your associates know how to properly recognize this behavior and respond correctly. handling these situations wrong can lead to retribution and escalation, so everyone at your facility should be properly trained.

**Workplace Harassment: Online Harassment - SS9111AE (9 Min.)**

Price: $245.00

Online Harassment is often called cyberbullying. This is where the harasser victimizes someone using the internet. Employers are embracing new technology in order to appeal to younger employees and reap the benefits of a digitally connected world. For example, instant messaging company applications offer convenience, speed and user-friendly interface. However, there can be a downside to this digital world. Your employees can utilize this technology to harass someone via text or any other online social platform.

**Workplace Harassment: Personal Harassment - SS9103AE (9 Min.)**

Price: $245.00

Workplace harassment includes unwanted verbal or physical behavior regarding sex, gender, gender identity, religion, race, skin color, sexual orientation, physical or mental disability and age. Harassment can target almost any personal characteristic, and occur between any two people…co-workers, managers, or even non-employees like clients, contractors, or vendors. In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. Harassment can lead to a hostile, volatile workplace, which is why it is important that your associates know how to properly recognize this behavior and respond correctly. handling these situations wrong can lead to retribution and escalation, so everyone at your facility should be properly trained.

**Workplace Harassment: Physical Harassment - SS9114AE (9 Min.)**

Price: $245.00
Physical harassment is also often called workplace violence. This refers to a type of workplace harassment that involves physical attacks or threats. In some extreme cases, physical harassment may be classified as assault. Any physical gestures like playful shoving can potentially blur the line between appropriate or not appropriate, since it is the person on the receiving end who decides whether the behavior makes them uncomfortable or not. Physical harassment should be taken very seriously in the workplace and explained thoroughly in your codes of conduct and policies.

**Workplace Harassment: Psychological Harassment - SS9104AE (12 Min.)**
Price: $245.00
Workplace harassment includes unwanted verbal or physical behavior regarding sex, gender, gender identity, religion, race, skin color, sexual orientation, physical or mental disability and age. Harassment can target almost any personal characteristic, and occur between any two people...co-workers, managers, or even non-employees like clients, contractors, or vendors. In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. **Workplace Violence: Facts & Prevention - SS1081IE (13 Min.)**

Price: $245.00

The potential for workplace violence has become a stark reality in our world today. While the odds of a serious incident happening on your property may be slim, the importance for effective preparedness remains vital. This program helps you achieve a level of preparedness and allows viewers to develop a sense of confidence if faced with a potentially violent situation in the workplace. How to recognize signs of potential problems and what to do if the potential becomes reality are discussed in depth.
Janitorial/Maintenance

**Janitorial Safety - SS15000A (13 min.)**
Price: $245.00
Janitorial workers have many, many responsibilities. It would probably be easier to talk about what they DON’T do than what you do on a daily basis. But, regardless of how many different tasks they perform or how busy they are, safety should be the top priority. It’s simply this. That’s what this program is all about, examining common hazards janitorial staff face on a daily basis and the steps they can take to minimize risk. Topics include: Personal Protective Equipment, PPE, Back Injury Prevention, Bloodborne Pathogens, Slips, Trips and Falls, Electrical Safety and Chemicals.

Lead In The Workplace: The Facts - SS1093IE (8 Min.)
Price: $245.00
Lead...it has a variety of uses. It can be combined with other metals to produce alloys. Lead and lead alloys are often used to make batteries, ammunition, and other metal products. Years ago, lead was also used regularly in paint, ceramics, caulk, and pipe solder among other things. Because of its potential health problems, the amount of lead used in these products today has lessened or has been removed. Though used less often, lead is still common in many industries, including construction, mining, and manufacturing. In each of these industries, workers are at risk of being exposed to lead. This video outlines the hazards and gives viewers the facts about lead in the workplace.

In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. Harassment can lead to a hostile, volatile workplace, which is why it is important that your associates know how to properly recognize this behavior and respond correctly. Handling these situations wrong can lead to retribution and escalation, so everyone at your facility should be properly trained.
Office Safety Training Videos

**Harassment in the Workplace - SS1080IE (10 min)**

Price: $245.00

Workplace harassment includes unwanted verbal or physical behavior regarding sex, gender, gender identity, religion, race, skin color, sexual orientation, physical or mental disability and age. Harassment can target almost any personal characteristic, and occur between any two people...co-workers, managers, or even non-employees like clients, contractors, or vendors. In addition, the victim of harassment is not only the person who is the intended target, but anyone affected by the offensive behavior. Harassment can lead to a hostile, volatile workplace, which is why it is important that your associates know how to properly recognize this behavior and respond correctly. Handling these situations wrong can lead to retribution and escalation, so everyone at your facility should be properly trained. This video is a great place to start.

**Harassment in the Workplace - SS1080IS**

Price: $245.00

Workplace Harassment in Industrial Facilities - This program on Workplace Harassment in Industrial Facilities discusses the various types of harassment that are found in the workplace, how they can affect an employee’s work situation and what employees themselves can do to help prevent workplace harassment. When people hear the word harassment they usually think of sexually-related activity. But harassment encompasses a wide range of behavior...from practical jokes to intimidation. It can also include threats, verbal abuse and discrimination, even stalking and assault...and anyone can be subject to it. Areas covered in the course include the nature of workplace harassment, how to recognize various types of harassment, how to handle verbal abuse and threats, the many forms harassment can take, how to recognize the many variations of assault, knowing what to do, and what not to do, when confronted with a stalker, how fostering a positive workplace environment can increase productivity and safety, and more. This VOD program is one of the most effective and efficient ways to get employees the training that they need, in a classroom or individually through their desktop or tablet computer.

**Office Ergonomics: Adjusting Your Workstation - SS1057IE (14 min.)**

Price: $245.00

This unique approach to Ergonomics training, begins by asking each viewer to select what area of their body, if any, is experiencing pain or discomfort. They are shown common postures that can cause or contribute to the conditions. The viewer is then lead through a comprehensive and specific method of adjusting a workstation to maximize neutral postures and minimize pain, discomfort and strain. This program also points out the multitude of other factors outside of the workplace that can contribute to musculo-skeletal disorders. This encourages viewers to take steps to adopt neutral postures in all of their activities.
Office Ergonomics: Adjusting Your Workstation - SS1057IS (14 min.) Spanish
Price: $245.00

Price: $245.00
According to the CDC, every year in the US, 48 million people are infected with a food borne illness, 128,000 are hospitalized and 3,000 people die. Nobody wants this to happen; and,it doesn’t have to. Foodborne illnesses can be prevented. The first step is education. This program provides basic, introductory instruction on the six major elements of food handler safety: Food-borne illnesses Time and temperature control Personal hygiene Preventing contamination Cleaning and sanitizing equipment and utensils and Housekeeping and
maintenance. Other topics include temperature control, preventing cross-contamination. This is a great program for both new and experienced staff.
**Convenience Store Safety - SS11009AE (12 min.)**

Price: $245.00

There are many things to keep in mind when working in a convenience store; safety and security should be at the top of that list. This program was developed to increase employee awareness in areas such as proper housekeeping and safe lifting procedures. Viewers are also given information relating to proper actions to take to prevent robberies as well as how to act during and after a robbery or attempted robbery.

**Knife Safety / Cut Prevention - SS11010AE (6 Min.)**

Price: $245.00

Cuts are common injuries but they are preventable. Employees will learn how to safely work with knives and proper cutting techniques which will minimize risks when working with knives and other sharp items.

**Knife Safety / Cut Prevention - SS11010AS (6 Min.) Spanish**

Price: $245.00

Cuts are common injuries but they are preventable. Employees will learn how to safely work with knives and proper cutting techniques which will minimize risks when working with knives and other sharp items.

**Retail: Box Cutter Safety - SS11007AE (6 min.)**

Price: $245.00

Any type of box cutter can cause an injury if used improperly. Box cutters are so common, they are often taken for granted and their danger ignored. This program is designed to provide employees information, that, if followed, will reduce their risk of a box cutter injury.

Supermarket: Bloodborne Pathogens - SS11004AE (8 min.)
Price: $245.00
Bloodborne pathogens are sometimes called the “Unexpected Hazard” because, for most of us, we just don’t expect to come into contact with blood or bodily fluids when performing our normal job duties. Nevertheless, an unexpected encounter with bloodborne pathogens can happen at anytime. Responding properly when confronted with blood and other bodily fluids is critical to your health and safety. The purpose of this program is to provide viewers with the knowledge needed to take the appropriate actions when encountering bloodborne pathogens unexpectedly.

**Supermarket: Lockout/Tagout (7 min.) SS 11002AE**

Price: $245.00

Failure to lock out and tag machinery before working on it is a major cause of injury and death in the United States. Workers can be electrocuted or lose fingers, hands, arms, or suffer severe crushing injuries because machinery is inadvertently turned on while being serviced or maintained. Lockout/Tagout prevents these injuries. This short program is designed to explain basic lockout/tagout procedures, some terminology used in the procedures and general requirements.

**Supermarket: Preventing Slips, Trips And Falls - SS11008AE (11 min.)**

Price: $245.00

In the supermarket, the potential for a slip, trip or fall exists in many forms. Foot traffic, slick or wet surfaces, obstacles...all of these can contribute to a slip or fall. We say "contribute" because these things are not the only cause of an incident. In fact, they are only contributing causes. In this program we'll take a look at some common slip and fall scenarios, identify what the root cause is of each incident and discuss ways to minimize risk.

**Supermarket: Safety Orientation - SS11001AE (15 min.)**

Price: $245.00

The Supermarket/Grocery environment presents a broad range of safety training challenges. This program touches on many of the most common hazards and examines ways to minimize risk. Viewers receive brief, overview training on a variety of topics including: Preventing Slips & Falls Back Injury Prevention Preventing Cuts & Burns Food Safety Hazard Communication Machinery Safety and more.

Active Shooters in Schools - SS7024AE (8 Min)
Price: $245.00
Incidents involving active shooters continue to be in the news. These acts of violence are becoming more commonplace in today’s society, and although your chances of being a victim of an active shooter incident are minuscule, it is important your organization and your associates plan and be prepared for such an incident. Active shooters can strike where we live, where we work, where we study, where we shop or any other environment. No business or institution is immune to the potential of an active shooter attack. The purpose of this informational training is not to alarm viewers, but to enlighten them regarding some of the elements of an active shooter scenario and what they should do to be prepared to deal with such an act.

Crossing Guard Safety - SS7025AE (15 min)
Price: $245.00
The goal? The safety of children. A Crossing Guard’s job is protecting them. What could be more important than that? In 2008, one-fifth (20%) of all children between the ages of 5 and 9 who were killed in traffic crashes were pedestrians. Roadway crossings are complex, with many things to pay attention to. Children have neither the experience, nor the ability to understand the complexity of an intersection. Their only experience with roadways may be crossing them or being driven on them. This program is designed to help the new or experienced crossing guard understand the regulations relating to traffic safety and how to safely help children cross the street.

Depending On You - SS7021AE (34 min.)
Price: $245.00
This video will help all Mandated Reporters learn: Definitions of abuse How to recognize abuse Procedures for reporting abuse Liability for failure to report abuse And legal protections for reporters

Garage/Repair Shop Safety - SS7022AE (15 minutes)
Price: $245.00
The repair shop has just about every hazard you can imagine due to the wide variety of work that’s performed there. This video is great for informing new employees what to expect and also for experienced employees to remind them of the many hazards they face and the steps they can take to prevent injury. Topics Include: PPE, Electrical Safety, Chemical Safety and Back Injury Prevention but it contains a wealth of information from around the shop.

Janitorial Safety - SS15000A (13 min.)
Janitorial workers have many, many responsibilities. It would probably be easier to talk about what they DON’T do than what you do on a daily basis. But, regardless of how many different tasks they perform or how busy they are, safety should be the top priority. It’s simply this. That’s what this program is all about, examining common hazards janitorial staff face on a daily basis and the steps they can take to minimize risk. Topics include: Personal Protective Equipment, PPE, Back Injury Prevention, Bloodborne Pathogens, Slips, Trips and Falls, Electrical Safety and Chemicals.

**Janitorial Safety - SS15000AS (13 min.) Spanish**
Price: $245.00

Nothing is more important to the safety of your passengers than a quality pre-trip inspection. All too often, drivers just do a quick once-over, check the boxes and get in and drive. This can have tragic consequences. While the video doesn’t cover every single item that must be inspected, it does stress the importance of performing comprehensive, conscientious inspections every day. It also explains the reasoning behind some of the more common items all drivers must inspect.

**Pre-Trip Inspection: School Bus - SS7023AE (17 min.)**
Price: $245.00

Everyone is required to receive hazard communications training. This program meets OSHA/EPA standards for hazard communications. Deals with hazardous materials in the restaurant environment, chemical labels, and material safety data sheets.

**Restaurant: Hazard Communications - SS6005AE (11 min.)**
Price: $245.00

According to the CDC, every year in the US, 48 million people are infected with a food borne illness, 128,000 are hospitalized and 3,000 people die. Nobody wants this to happen; and, it doesn’t have to. Foodborne illnesses can be prevented.

**Safe Food Handling - SS6027AE (23 min.)**
Price: $245.00
According to the CDC, every year in the US, 48 million people are infected with a food borne illness, 128,000 are hospitalized and 3,000 people die. **School Bus Inspection - SS7016AE (9 mins)**
Price: $245.00
School Bus Safety (Elementary School Students) – Every year children are hurt while riding on a school bus. This video provides a basic review stressing the importance of safety on the school bus. Topics covered in this safety video include: follow your teacher’s instructions, waiting for the bus, follow your bus driver’s instructions, never put your body (hands, arms, or head) out of any bus window, and getting off the bus.

**Suspensions And Expulsions - SS7020AE (18 mins)**
Price: $245.00
The program outlines exactly what violations and misconduct will lead to disciplinary action and what forms this disciplinary action may take. Real students who have been suspended and expelled give their true stories which vividly depict the consequences of not following school rules. Topics include: Theft Weapons Dangerous Behavior Drugs Sexual Misconduct Poor Grades After viewing this program students will have a better idea of what is expected of them in school.

**Working with Special Needs Children - SS7026AE (11 min)**
Price: $245.00
Working with Special Needs Children – 7026A (11 min) Working with children that have special needs…it’s a unique job, an important job. There are a lot of people depending on you, not just the kids. But, the kids are why you’re here, right? Right. Part of your job is safety. The safety of your kids and your own personal safety. Isn’t a safe environment what we want for everyone? In this program we’ll cover a few common safety-related issues and discuss ways you can minimize or reduce risk. Safety is everyone’s responsibility.
Solid Waste

Solid Waste: Commercial Pickup - SS10036AE (10 min.)
Price: $245.00
Roll-Off trucks are specialized equipment that require specialized techniques and procedures to operate safely.

Solid Waste: Commercial Pickup - SS10036AS (10 min.) SPANISH
Price: $245.00
Roll-Off trucks are specialized equipment that require specialized techniques and procedures to operate safely.

Solid Waste: Hazard Communications - SS10031AS (10 min.) SPANISH
Price: $245.00
Protecting employees and the environment are two important considerations in your company’s overall safety program. Its called Hazard Communications, but its really information you need to know to protect yourself from potential hazards associated with the use, handling, storing and disposing of chemicals and other hazardous materials. Millions of people work safely around hazardous materials everyday and so can you. Follow the procedures outlined in this program and take a personal responsibility for your safety and the safety of those around you.

Solid Waste: Lockout Tagout - SS10035AE (13 min.)
Price: $245.00
In most industries it is as simple as turning off the power and installing a lock to prevent the power from being turned back on. In the solid waste industry the purpose is the same, protecting employees, but the energy sources we need to control aren’t usually controlled by just a circuit breaker. This program takes a detailed look about how to properly lock and block trash hauling vehicles during maintenance and clean out operations.

Solid Waste: Pre-Trip Inspection - SS10032AE (10 min.)
Price: $245.00
The trucks and equipment your company operates are great pieces of equipment. They’re versatile. They’re powerful. And, they have to be inspected. A proper inspection protects workers and those working around them by ensuring that the equipment they are using is mechanically safe. And that’s what this video is all about how...to perform a thorough, consistent and accurate pre-shift inspection.

Hours Of Service - SS17034AE (12 Min.)
Price: $245.00
Hours of Service Regulations are designed to keep fatigued drivers off the road. This program outlines these regulations and demonstrates how drivers and companies can remain in compliance with these FMCSA regulations.

Intersections - SS17035AE (5 Min.)
Price: $245.00
Intersections can be one of the most hazardous locations you navigate on the road. There are many factors that can affect your safety approaching and navigating intersections. This video will explain these factors and the steps you can take to avoid accidents.

Pre Trip Inspection: The Circle of Safety - SS1084IE (15 mins)
Price: $245.00
Demonstrates for professional drivers the key components of a systematic, comprehensive and easy to-remember pre-trip inspection.

Professional Truck Driving - SS17032AE (6 mins)
Professional truck drivers encounter a wide variety of potential hazards every day. This video explains how to safely navigate these hazards. This video explains some common driving tips as well as hazards the apply specifically to truck driving.

Safe Backing Of Tractor Trailers - SS17031AE (5 mins)
Price: $245.00
One of the most challenging situations a truck driver faces is backing, and it's an action that is performed every day in a variety of situations. This video is a great way to help train new drivers or give refresher training to experienced drivers.

Securing Loads Safely - SS17011AE (11 min.)
Price: $245.00
This program helps employees comply with DOT regulations relating to securing loads on tractor trailers. Topics include: different types of trucks and associated loading requirements, load securement procedures, number of straps needed for different loads, working load limits and other related safety information. Great training to ensure you and your vehicles are not cited or placed out of service due to non-compliance issues.

**Securing Loads Safely - SS17011AS (11 min.) SPANISH**
Price: $245.00
This program helps employees comply with DOT regulations relating to securing loads on tractor trailers. Topics include: different types of trucks and associated loading requirements, load securement procedures, number of straps needed for different loads, working load limits and other related safety information. Great training to ensure you and your vehicles are not cited or placed out of service due to non-compliance issues.

**Shipping Hazardous Materials - SS1049FE (12 min.)**
Price: $245.00
Shipping of hazardous materials is a big responsibility. There have been many disasters and lives lost due to improper shipping of hazardous materials. The goal of this program is awareness of hazardous materials and the proper shipping procedures.

**Shop Safety - SS1083IE (8 mins)**
Price: $245.00

**Shop Safety - SS1083IS (8 mins) Spanish**
Price: $245.00

**Winter Driving in Extreme Weather Conditions SS1088I (10 Min.)**
Price: $245.00
This video will help you understand some of the hazards associated with winter driving. Some of the topics include safe speeds, hydroplaning, braking and pre-trip inspection. Winter Driving Safety SS1088I (10 Min.)
**Cold Stress and Hypothermia - SS1096JE (9 Min.)**
Price: $245.00
Anyone who works outside on a regular basis knows – at some point or another – you’re going to experience cold and wet weather conditions. These working conditions can threaten your ability to do your job safely, as cold can have negative effects on the body. This is known as cold stress. Cold and wet weather can begin to have negative affects on the body in temperatures as high as 59 degrees Fahrenheit. This safety video helps employees understand and recognize, why it’s important to keep an eye our for the effects of cold stress.

**Preventing Slips, Trips & Falls for Ski Area Employees - SS1004JE (8 min)**
Price: $245.00
Ski Areas...snow ...ice...water...slippery surfaces...they increase the potential for a slip, trip or fall. But does this mean a slip, Trip or fall HAS to happen? Of course not. Slips, trips and Falls are preventable and that's what this program is all about...prevention. The program examines some common slip, trip and fall accidents common to ski areas and examines the root causes of each.

**Professional Skiing and Riding for Ski Area Employees - SS1003JE (7 min)**
Price: $245.00
In a ski area, sometimes people forget about safety. But safety must remain in the forefront of everyone's mind. This video outlines some of the most common hazards on the mountain and details actions that can be taken to help minimize the risk to guests and employees alike. This is a great program for beginners and an even better program for experienced professionals who think they know it all!

**Safe Lifting and Carrying Techniques for Ski Area Employees - SS1001JE (4 min)**
Price: $245.00
Lifting...carrying...we do it all the time. Sometimes it’s something simple as a piece of paper off the ground...other times it’s something heavy like a fallen skier. They both have one thing in common, they can injure your back if not performed properly. But the good news is, they can all be performed properly, and if you do, you shouldn’t experience any discomfort, pain or debilitating injuries. Yes, there’s a safe way to lift anything and this program shows you how.

**Safe Operation Of Snowmobiles - SS1005JE**
Price: $245.00
Snowmobiles are versatile machines in use at just about every winter resort. They are also potentially dangerous, especially when operated near skiers, regardless of experience level.
This video takes a look at some basic safe operating procedures and provides some common sense tips about how to prevent accidents and injuries.

**Situational Awareness at the Ski Resort - SS1002JE (5 min)**
Price: $245.00
Situational Awareness...it’s the key to safety...anywhere. In a factory...in a hotel...on the road and at a ski resort. This video stresses personal responsibility for accident prevention and teaches the system Observe, Decide, Act as the basis for correcting hazards.

**Snowplow Safety - SS1006JE (11 min)**
Price: $245.00
This program discusses how the safely operate Snowplows so operators can safely complete their tasks. Although they seem easy to use, they can be very dangerous when used by untrained drivers. Topics include: Pre operational inspection Obeying local, state, and federal laws Marking and flagging

**Winter Driving in Extreme Weather Conditions SS1088S (10 Min.) Spanish**
Price: $245.00
This video will help you understand some of the hazards associated with winter driving. Some of the topics include safe speeds, hydroplaning, braking and pre-trip inspection.

**Winter Driving in Extreme Weather Conditions SS1088I (10 Min.)**
Price: $245.00
This video will help you understand some of the hazards associated with winter driving. Some of the topics include safe speeds, hydroplaning, braking and pre-trip inspection. Winter Driving Safety SS1088I (10 Min.)

**Winter Walking - Safe Walking In Hazardous Conditions - SS1077IE (8 Min.)**
Price: $245.00
Walking, seems easy enough right? It is. But, in certain conditions, such as snow or ice, extra precautions must be taken. This video outlines not only the importance of proper footwear, but many different scenarios that workers and pedestrians face in winter conditions Black Ice, packed snow, slush they all have different characteristics and this video will demonstrate how to walk safely in each of them. Getting in and out of vehicles safely and going up and down wet or slippery stairs are also addressed.
